

Edgehill Survey: Example field/day record sheet

EDGEHILL BATTLEFIELD SURVEY		
Date	18/02/2007	
Supervisor	G Foard	
Field number	10	
Survey intensity	2.5m	
Detectorist	GPS unit	Detector
D Beaumont	GPS1	Minelab SE
B Gethin	GPS6	Minelab Quattro
L Macfarlane	GPS4	Minelab ExTerra50
G Foard	GPS7	Minelab Explorer II
Weather	mainly sunny then dull & misty; cold; slight breeze; dry	
Soil moisture	waterlogged	
Ground conditions	cultivated; cereal crop 10cm and lower	
Signal quality	some difficult signals but partly because many finds were deep, though very waterlogged conditions may have contributed? Very quiet background so far easier to locate difficult signals.	
Other issues	little modern junk.
